

# Summer program

ISUGA is proposing short 2 week long-course focused on French language and culture.

Next summer program is scheduled Mid-2010.

Enclosed pdf file provides details about this session.

In addition to French classes, students get the opportunity of visiting typical sites of Brittany. In 2009 students went to Pont Aven, picturesque city famous for his painters & numerous art galleries. This is the place where Paul GAUGUIN painted his notorious "Yellow Christ" now exhibited in a US museum.
